

Canada Learning Bond Champion's Training Session

You're invited!

Become a Canada Learning Bond Champion for your organization, company, or team!

This Smart Start Halton facilitated session will cover:

- Canada Learning Bond, Canada Education Savings Grants, and RESP basics
- How to use the SmartSAVER portal
- Case Studies and Canada Learning Bond FAQs

Did you know that there are over 20,195 eligible children in Halton who have not yet accessed this free money for post secondary education? That's up to \$40 million in free money for post secondary education that we can bring to Halton if we register every eligible child.

Studies show that the existence of post secondary education savings makes a child 75% more likely to pursue post secondary education. Help make education a possibility!

Please **register** for

The Canada Learning Bond is **FREE** money (up to \$2,000) contributed by the government of Canada to the Registered Education Savings Plan (RESP) of eligible children. Eligibility requirements:

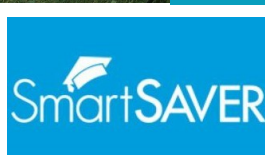

- ♦ Children must be born in 2004 or after
- ♦ Social Insurance Number for parent AND child

Smart Start Halton is a collaborative, community-led campaign to increase the take-up rate for the Canada Learning Bond.

We believe that every child has a right to access post secondary education.
